

GigaCenter Overview (844G and 854G)

Duration: Approximately 1 hour

This self-paced course covers deploying and managing the Calix 844G and 854G GigaCenters. It is intended for Technicians and Customer Service Representatives who manage home networks.

Who should attend?

- Customer Service Support
- Technicians

Objectives:

After completing this course, you will be able to:

- Describe the 844G and 854G role in the home network.
- Describe how to deploy the GigaCenter.
- Demonstrate the ability to manage the home network.
- Locate help and additional resources.

Delivery Mode:

This interactive online eLearning course consists of content delivered as video clips, simulations, demonstrations, and other self-paced formats. Learners are prompted to interact with the content as they progress through the course. Calix eLearning courses are often accompanied by voice-over audio. To get the most out of your learning experience, Calix recommends accessing your eLearning course through Chrome or Firefox.
